

MEMO

Date: October 15, 2024
TO: Rockland County Towns & Villages HWY Dept., & Authorized Haulers
FROM: Ronald Ludwig: Assistant Operations Manager
RE: **2024 Leaf Composting Program**

Rockland Green is pleased to announce, effective October 28, 2024, thru December 20, 2024 leaves collected by or on behalf of your municipalities may be brought to the Rockland Green's West Nyack Composting Facility located at 166 S. Rte. 303 for recycling at no charge. Hours of operation are Mondays through Fridays 7:00am to 3:30pm and Saturdays 7:00am to 12:00pm.

Rockland Green is requesting all participating Municipalities to bring their collection vehicles in the week of **October 21, 2024**, from 7:00am to 3:30pm thru **October 25, 2024**, to establish new tare weights based upon any change in configuration of the body type utilized by your highway crews to collect leaves. Once the new tare weights have been entered into our system, your trucks will only be required to weigh in each time they dispose of the leaves collected within your Municipality.

Trucks that have not updated their tare weights will be redirected to Rockland Greens main scale at the entrance of the facility.

Tickets are still required and are available at the temporary scale house, located on the Compost Pad. If you have tickets from the 2023 Leaf Composting Program, please feel free to use them.

Simple Rules to Follow:

1. Municipalities are required to weigh in during this period.
2. All Municipalities are required to complete tickets issued to them from Rockland Green prior to dropping off their leaves for Composting on the Composting Pad.
3. All Municipalities are required to dispose of all leaves at the designated areas on the Compost Pad and follow directions of Rockland Green's contractor or that of Rockland Green's Operation's personnel.

If you have any questions or concerns, please feel free to call this office at (845)358-0759.
